Lumpkin College of Business and Technology Executive Action Request

TO: William Minnis
FROM: Austin Cheney
DATE: May 15, 2019

ACTION REQUESTED:

Allow TEC 4970: Special Topics in Technology to be repeated.

RATIONALE:

Special Topics courses in technology are offered in a variety of subject areas. When a student takes two of these courses, it becomes problematic, as we are often compelled to add a letter to differentiate the two courses, often after the course is enrolled. We want to avoid these complications in the future by simplifying the process, and avoid what has been the proliferation new versions of the course with letter suffixes.
