Requested Change: Increase course options for ENG, Sciences, ECN and Gen Ed in ECE, ELE and MLE programs

Rationale: To give a broader range of options for students in crafting their course of study, being able to target areas of interest, and increase the range of topics applicable to classrooms in grade 1-8, the department would like to expand the offerings in our Departmental Requirements for students in both the ELE and MLE majors. All requested changes continue to align with program goals, accreditation needs, and content area requirements.

In summary:

ECE program – add GEO 2450G and PHY 3045G to science electives

ELE program – replace required ENG elective with the availability for a general Humanities elective; add GEO 2450G and PHY 3045G to science electives

MLE Program – replace required ENG elective with the availability for a general Humanities elective; add ENG 3405 to literature electives; add GEO 2450G and PHY 3045G to science electives; add ECN 2801G and ECN 2802G as options for ECN coursework
