RE: Modification of Family and Consumer Sciences Professional Education program to accommodate the removal of some MLE courses.

It has been brought to my attention that we could not just request dropping MLE classes in the Family Consumer Science Teacher education program as an Executive Action. Because that particular classes are part of the Professional Course Work, we must ask for a modification of our official programs.

Rationale for the request:

It has been brought to our attention that with the change in state requirements, not all the MLE courses listed in the catalog under Family and Consumer Science Education will need to be included as currently listed in the Secondary Education program. This modification would bring the requirements parallel with those in Business Education and Technology Education. We will be asking that the following courses be removed from the CTE- Family Consumer Sciences Education program (the courses will still be available for student to take, but not required of the program) listing in the catalog under the heading of Secondary Education Program - Total 42 hours (with the proposed change).

Change Requested:

Professional Education Family and Consumer Sciences Education – Total: ~~49~~ 42 hours

CTE 2000 – Inquiry into Teaching Career and Technical Education. Credits: 2

CTE 3403 – Methods of Teaching Middle and Secondary Level Family and Consumer Sciences. Credits: 3 (counted in Family and Consumer Sciences content)

EDF 2555G - Education in a Diverse Society: The Multilingual/Multicultural Classroom
Credits: 3 (counted in General Education and used to satisfy Social and Behavioral Sciences and Diversity requirement.)

EDP 2330 – Educational Psychology: Foundations for Teachers. Credits: 3
