

***Eastern Illinois University*****CONTEXTUAL INFORMATION**

**Mission:** Founded in 1895 with the express purpose of preparing teachers to serve in the schools of Illinois, Eastern Illinois University offers superior yet accessible undergraduate and graduate education. The University community strives to create an educational and cultural environment in which students refine their abilities to reason and to communicate clearly so as to become responsible citizens in a diverse world.

**Teacher Preparation Programs:** Eastern Illinois University offers 22 fully accredited, state approved, baccalaureate degree programs leading to state teacher certification. These programs can also be completed by individuals who already hold a baccalaureate degree and desire teacher certification. In addition, the University offers five graduate-level certification programs and a Masters degree aligned with the National Board for Professional Teaching Standards (NBPTS) for practicing teachers.

**Student Characteristics:** Eastern Illinois University serves over 10,000 students from throughout Illinois and the world on a compact, safe campus. Undergraduate students are primarily full-time, residential and of traditional college age with an average ACT score of 22. Nine percent of all students are minorities. Forty percent of undergraduates enter Eastern as transfer students.

**Admission Requirements:** Admission to teacher education is a multi-stage, selective process. Selection for the program is based on a student's academic qualifications after completing at least 29 semester hours. Students must maintain a minimum of a 2.5 GPA; complete general education classes in written communication, oral communication, and mathematics with a grade of "C" or better; and demonstrate in practical field experiences the knowledge, skills and dispositions of one preparing to enter the teaching profession. To be eligible to student teach, students must demonstrate content, professional, and pedagogical competency.

**Accreditation:** Eastern Illinois University's teacher preparation program has been continuously accredited by the National Council for the Accreditation of Teacher Education since 1957 and has full approval by the Illinois State Board of Education. Eastern Illinois University is accredited by the North Central Association of Colleges and Schools.

**Teacher Education Vision:** A shared vision for teacher preparation ensures coherence of curriculum, instruction, field-based experiences, and assessment across a future teacher's University program. All educators must have the knowledge bases to be able to effectively plan and manage educational environments that maximize learning by all students. Knowledge of how individuals learn, subject area competence, pedagogical knowledge, and understanding the communities and societies in which schools function are essential. Practice-based programs are vital to success. Clinical experiences are designed to ensure that future teachers progress from observation to small and large group instruction and culminate in a full semester of student teaching.

***Best Practices***

- Emphasis on partnerships between future teachers, the University, and the public schools.
- Sequenced, supervised, and evaluated field experiences
- Experienced faculty who are teacher-scholars and who model effective teaching
- Standards-based curricula with continuous assessment of student performance
- Instructional technologies integrated across all teacher preparation programs

***Notable Features and Accomplishments***

- Second largest producer of teachers in Illinois
- Small classes taught by diverse, full-time faculty with doctorates or other terminal degrees
- Consistent, fair, and high standards for admission, retention, and graduation
- Off-campus, non-traditional professional preparation programs in high demand fields and under-served areas
- Education Scholars program for academically talented high school students
- Minority Teacher Identification and Enrichment Program/Minority Teacher Education Association
- Cross-categorical Special Education program
- Unique Middle Level Education program explicitly preparing teachers to meet the needs of middle school learners
