

Collaborate Ultra: Add Collaborate Ultra to a Course in D2L Brightspace

Collaborate Ultra is the new version of Blackboard Collaborate. To use Collaborate Ultra in a course in D2L Brightspace, the instructor must first add Ultra to a content module.

Add Collaborate Ultra to your course

1. Log into your course in D2L and select “Content.”
2. Select a current module or create a new module.
3. Once in the module, select “Add Existing Activities” > “External Learning Tools” > “Collaborate Ultra”
