**II. Sub Group Updates**

• **Panthers Persist**

- Focus on informal student conversations to assess belonging and student needs.
- Members will speak with a minimum of three students using agreed-upon guiding questions.
- Conversations will be conducted in low-pressure settings (e.g., coffee, lunch).
- Use of Ecological Validation Theory as the framework guiding questions and analysis.
- Group's goal is to have task completed by spring break.

• **Advising Models for Retention**

- Dr. Julie Dietz and Danny Gourley Fischer have deferred to the Presidents Spring update where he will announce the advising taskforce information.

• **Survey of EIU Retention Practice**

- Survey was developed with assistance from Dr. Catherine Polydore.
- 12 responded.
  - 9 departments reported no retention plan.
  - 3 reported plans in development, all informal.
- Common barriers included:
  - Lack of student engagement.
  - Faculty workload and limited capacity.
  - No designated retention personnel.

- Noted practices included an introductory course where they teach transferable skills from the major with career readiness and internal academic alert system.
  - Departments expressed a strong need for institutional support and coordination.
- **Veterans Connection**
  - Official site has been launched.
  - First meeting had a good turnout.
  - Meeting with Student Government for formal approval to become an RSO.
  - Three mentors identified for Veteran Connection.
  - Military Tuition Assistance program is active.
  - Meeting held with Scott Air Force Base education leadership:
    - 4,000 active-duty students currently enrolled in higher education.
    - Identified enrollment opportunities, particularly in Business Administration.

### **III. Fall 2025 PACK Outcomes**

- Data visualizations shared showing:
  - Strong correlation between PACK meeting attendance and GPA.
  - Students attending 5+ meetings demonstrated significantly higher GPAs and retention.
- Appeal process review:
  - 33 dismissals reviewed; 10 appeals but only 4 appeals granted.
  - Interview process may be considered to better assess student circumstances.
- Outcomes highlighted:
  - 49 PACK students earned higher GPAs than in high school.
  - Overall, cohort performance exceeded the previous year.
  - Retention increased 6.8% year-over-year for the PACK cohort.
- Program success attributed to dedicated advising model.

### **IV. Panther's PAVE Program**

- Introduced Panther's PAVE (Promoting Accessibility through Visibility and Education) the Way program.
- Training program for faculty/staff campus wide to improve accessibility awareness.
  - includes historical context and practical strategies for inclusive environments.
- Trial run completed; program is ready for campus rollout this spring semester.

### **V. Person of Trust**

- Introduced the "Person of Trust" concept from enrollment leadership literature.

- Emphasis on:
  - Early, personal connections with students.
  - Staff, faculty, advisors, and peers serving as trusted contacts.
- Discussion highlights:
  - Technology (e.g., Navigate360) should support, not replace, personal care.
  - Advisors are often the first and most consistent contact for students.
  - Faculty play a critical mentoring role but need better awareness of support services.
  - Institutional culture should prioritize walking students to help, not just directing them.

## **VI. Housing Collaboration**

- 79 students were identified with housing contracts but were not registered for classes
- Collaborative efforts underway to:
  - Prevent students from incurring additional debt
  - Reduce homelessness risk
  - Improve interdepartmental data sharing
- Collaboration across departments to resolve issues; Navigate 360 is expected to improve communication and tracking.

## **VII. Next Meeting**

Our next meeting will be on Thursday, February 12<sup>th</sup> at 9 am in the Witter's Conference Room in the Booth Library.
