

# Internship Sites 2021-2022

*ATTN CLINICAL COUNSELING STUDENTS: Beginning August 1, 2018, the Department of Healthcare and Family Services (HFS) introduced the implementation of Integrated Assessment and Treatment Planning (IATP). To support the application of the IATP, the Illinois Medicaid Comprehensive Assessment of Needs and Strengths (IM+CANS) was created as result of a partnership between HFS and the School of Social Work at the University of Illinois Urbana-Champaign, and Chapin Hall at the University of Chicago. The IM+CANS is a model that integrates assessment and treatment planning into a single process.*

***If you are planning on doing your practicum or internship at a government agency, you will be required to partake in a mandatory training session designed to familiarize you with the IM+CANS. You can find the training schedule here - <http://socialwork.illinois.edu/imcans-training-schedule/>. Please complete this training before starting at your site. You may reach out to your site in order to get costs covered for the training.***

**Phone:** (217) 446-1337

**Fax:** (217) 477-7010

**Email:** clinical@survivorresourcecenter.org

**Services:**

**Counseling/therapy:** We offer individual, group, and family counseling services for victims/survivors of sexual abuse and their family members.

**Legal/Medical advocacy:** Advocates go to hospital calls for victims and assist victims and family members through the legal/court process (including doing Orders of Protection).

**Case Management:** We offer case management to any client and/or their significant others – assisting with a variety of needs, including housing, transportation needs, and referrals to other agencies.

**Education:** We provide education to all ages in the schools and to any community group.

All of our services are free. We offer these services in Vermilion, Edgar, and Clark Counties to anyone who is a victim/survivor of sexual abuse and their family members. Age range for services is age 3 – adult. We are completely client-centered and offer the services in convenient locations in each community in addition to meeting at our main offices – whichever better serves the needs of the clients.
