

Alumni Report - Ms. Tanille Ulm

Ms. Tanille Ulm received both her Bachelor's degree in Elementary Education and Masters in Educational Administration from Eastern Illinois University. Her husband, Mr. Rob Ulm, the principal of Jefferson Elementary School in Charleston also received his degrees at EIU. Tanille has had experiences in grades, pre-K through high school, and is now teaching at Lake Land College. Ms. Ulm started as an adjunct instructor before accepting her current position fall of 2012 as the Education Specialist. This position helps Tanille to give back to the teaching community by helping all of the education majors get placed in the local school districts for their 30 hours of practicum. In addition to teaching, Tanille serves as the advisor for the Future Educators of America at Lake Land. As the advisor of the club, Mrs. Ulm creatively helps to organize and present club events. Tanille helps her students to create and lead activities while they are out in the local schools. Ms. Ulm loves the opportunity to observe her students working with children from a broad range of ages. Tanille believes these experiences help to prepare future educators about what age group they are most interested in teaching.
