Course Description: (0-3-1) Supervised clinical experiences with emphasis on curriculum and instructional aspects of early elementary and late elementary subject areas. Forty-five hours of classroom participation.

Prerequisites: Concurrent enrollment in one or more of ELE 3250, 3281, 3290, 3340, 4880, or permission of department chair. Course may be taken twice with permission of the department chair. University Teacher Education requirements apply and department requirements for enrollment must be met.

Course Purpose: ELE 4000 provides prospective teachers with authentic classroom experiences in planning and teaching social studies, science, and reading and other subject areas to children with diverse backgrounds and abilities. Participation experiences are integral to the associated methods courses of Block II. The students enrolled in this course are under the direct supervision of the university instructor and the cooperating classroom teacher. ELE 4000 is in partial fulfillment of the pre-student teaching practicum mandated by the Illinois State Teacher Certification Board.

Admission to student teaching depends upon successful completion of ELE 4000 and on the positive recommendation of the cooperating classroom teacher with whom the student participates for 45+ clinical hours.

Course Textbooks: There are no required textbooks for this course.

Supplemental Materials:
- Personal LiveText account
- Department portfolio binder and inserts
- Binder for course notebook
- Professional Development Requirements (PDR), purple sheet

Teaching Model:

The Social Family Models: Building the Learning Community
- When we work together, we generate a collective energy that we call synergy. The social models of teaching are constructed to take advantage of this phenomenon by building learning communities. Essentially, “classroom management” is a matter of developing cooperative relationships in the classroom. The development of positive school cultures is a process of developing integrative and productive ways of interacting and norms that support vigorous learning activity.

The Behavioral Models
- Behavioral models concentrate on observable behavior and clearly defined tasks and methods for communicating progress to the student.
Dispositions: Teacher candidates in the department of EC/ELE/MLE will exhibit professional ethical practices, effective communication, sensitivity to diversity, and the attitudes and ability to provide varied teaching practices evidenced in a supportive and encouraging atmosphere for learning.

Live Text Assessment Requirement: For those classes with Live Text or Practicum- If the portfolio or Live Text requirements are rated, by the instructor, to have been completed in less than a satisfactory manner then no more than a "D" may be earned in the class regardless of the number of points earned.

Standards:
Course requirements and demonstrated competencies are aligned with the following standards:
- Illinois Professional Teaching Standards (IPTS) http://www.isbe.state.il.us/profprep/PDFs/ipts.pdf
- Technology Standards for all Illinois Teachers (ICTS) http://www.isbe.net/profprep/CASCDvr/pdfs/24120_coretechnology.pdf
- SPA Standards Alignment (Special Professional Association Standards) based on:
  - ACEI (Association for Childhood Education International) program standards for elementary teacher preparation http://www.acei.org/Synopsis.htm and http://www.acei.org/ncateindex.htm
  - NAEYC (National Association for the Education of Young Children) NAEYC http://www.naeyc.org/accreditation/next_era.asp

Outcomes specific to ELE 4000:

Contact Protocol
1. Contact your cooperating teacher in advance. Arrange to meet your cooperating teacher prior to the first day of practicum, if desired by the classroom teacher.
2. Give your contact information to the teacher and ask for his/hers. Ask for the teacher’s preference – email, school phone, cell phone, etc.
3. Give the teacher the necessary ELE4000 documents. (Letter of introduction from professor, evaluation and log sheets, your Block II assignments.)
4. Work out all logistics regarding your placement with your teacher. If there is a problem with the site, contact your university instructor immediately.
5. You are expected to be present, on time, and prepared every day.
6. Always report to the office when you visit a school; find out if there is a sign-in procedure. Learn the principal’s name and introduce yourself when possible. Learn the secretary’s name and greet them appropriately.
7. Request school and classroom guidelines for teacher and student behavior and dress codes (e.g. no gum, no hats, quiet when in the halls).
8. Request a class list and a class schedule.
9. Make a seating chart to familiarize yourself with students’ names.
10. Know the school calendar and upcoming events. During the practicum weeks, you are on the school’s calendar, not EIU’s calendar.
11. Become familiar with the floor plan of the building and the safety and evacuation procedures.
12. Read the school district’s web site and the school’s web site.

Advice
1. Express your wish to teach as much as possible after the initial orientation to the classroom. Schedule your teaching periods with your cooperating teacher.
2. Use ALL time on-site for instructional and/or professional purposes, even if the children are out of the classroom.
3. Plan ahead. Over plan. Plan off-site, on your own time, in advance. You should have a lesson plan every time you teach. Even if you are asked to teach on the spot (an unplanned lesson) you should prepare a lesson plan of what you did OR what you would have done if you had had time to plan.
4. Your cooperating teacher will need to see your plans in advance. Complete plans give evidence of how well you know the content, how you will structure the content you intend to teach, students’ prior knowledge which you will build upon, specific objectives and procedures, and your research and materials preparation. Use the EC/ELE/MLE departmental lesson plan model for your lesson plans.
5. Let your enthusiasm and initiative shine. Let your professional attitudes be reflected in your teaching and relationships in your school.
Professional Dress
Dress professionally. The following are quotes from How to be an effective teacher: The first days of school, by Harry Wong and Rosemary Wong (pages 51-59):

Effective teachers know that the clothes they wear and the smile that dresses their face are the first things the students see as they are greeted at the door…The effective teacher dresses appropriately as a professional educator to model success…The important word is appropriately…One of the reasons we have schools is for students to learn what is appropriate. Young people learn what is appropriate in society by looking at their adult role models. Your dress and your behavior are what young people will take to be appropriate…It is common sense. You will be treated as you are dressed…Research reveals that the clothing worn by teachers affects the work, attitude, and discipline of students. You dress for four main effects: respect, credibility, acceptance, and authority.
