Teaching Model: Social Models: Building the Learning Community
- When we work together, we generate a collective energy that we call synergy. The social models of teaching are constructed to take advantage of this phenomenon by building learning communities. Essentially, “classroom management” is a matter of developing cooperative relationships in the classroom. The development of positive school cultures is a process of developing integrative and productive ways of interacting and norms that support vigorous learning activity. (p. 28-30)

Dispositions: Teacher candidates in the department of EC/ELE/MLE will exhibit professional ethical practices, effective communication, sensitivity to diversity, and the attitudes and ability to provide varied teaching practices evidenced in a supportive and encouraging atmosphere for learning.

Live Text Assessment Requirement: For those classes with Live Text or Practicum- If the portfolio or Live Text requirements are rated, by the instructor, to have been completed in less than a satisfactory manner then no more than a "D" may be earned in the class regardless of the number of points earned.

Standards:
Course requirements and demonstrated competencies are aligned with the following standards:
- Illinois Professional Teaching Standards (IPTS) http://www.isbe.state.il.us/profprep/PDFs/ipts.pdf
- Technology Standards for all Illinois Teachers (ICTS) http://www.isbe.net/profprep/CASCDvr/pdfs/24120_coretotechnology.pdf
- ACEI (Association for Childhood Education International) program standards for elementary teacher preparation http://www.acei.org/Synopsis.htm and http://www.acei.org/ncateindex.htm

Participants will study the evaluation form which the instructor will use for the classroom teaching observation. Focus is on participants being able to evaluate their teaching effectiveness based upon children’s products which result from their teaching. Focus is on fusing evaluation with reflection.

Observation by the EIU instructor will include the lesson plan, presentation and classroom management.

**EC/ELE/MLE Program Portfolio submission**

Performance includes completion of the program portfolio by selecting and including the Block II artifacts, stating the IPTS competency met by the selected artifact, restating the IPTS standards in one’s own words with a rationale for the selection of the included artifact. Examples of children’s work and photographs are encouraged. The practicum instructor will sign the completed Block PDR sheet (the purple sheet). Focus is on design of a high impact professional portfolio, electronic or hard-copy, for job interviews. Focus is on completion of all program requirements for admission to student teaching.

Examples of children’s work and photographs are encouraged. The practicum instructor will sign the completed Block PDR sheet (the purple sheet). Focus is on design of a high impact professional portfolio, electronic or hard-copy, for job interviews.
10. Know the school calendar and upcoming events. During the practicum weeks, you are on the school’s calendar, not EIU’s calendar.

12. Read the school district’s web site and the school’s web site. You may want to print out information found at this site for inclusion in your notebook.

**Dispositions**

1. Express your wish to teach as much as possible after the initial orientation to the classroom. Schedule your teaching periods with your cooperating teacher.

2. Use **ALL** time on-site for instructional and/or professional purposes, even if the children are out of the classroom.

3. Plan ahead. **Over plan.** Plan off-site, on your own time, in advance. Save complete records and writing of your plans for the Practicum Notebook. You should have a lesson plan every time you teach. Even if you are asked to teach on the spot (an unplanned lesson) you should prepare a lesson plan of what you did **OR** what you would have done if you had had time to plan.

4. Your cooperating teacher will need to see your plans in advance. Complete plans give evidence of how you well you know the content, how you will structure the content you intend to teach, students’ prior knowledge which you will build upon, specific objectives and procedures, and your research and materials preparation. Use the EC/ELE/MLE departmental lesson plan model for your lesson plans.

5. Let your enthusiasm and initiative shine. Let your professional attitudes be reflected in your teaching and relationships in your school.
