Unit Theme: Educator as Creator of Effective Educational Environments: Integrating diverse students, subjects, strategies, societies, and technologies.

Catalog Course Description: Topics include instructional strategies, models for classroom management and discipline, parent-school community involvement and school law. Forty-five hours of field-based activities, primarily in reading and language arts, are required.

Course Purpose: The purpose of this course is to provide proven teaching methods coupled with effective instructional theory--best practice-- to pre-service teachers. We want to develop the premise that the teacher is an educational leader and decision-maker who directly affects the students and influences the presentation of subject matter. We will offer a broad spectrum of instructional methodologies, techniques, and approaches that are workable in today’s diverse classrooms.

Course Texts:

Supplemental Materials:
- Live Text Account from EIU Bookstore
- Professional Portfolio Packet from Copy Express
- ITC Proficiency Packet from Copy Express
- Handout Packet from Copy Express

Learning Model: Social Systems
This model is constructed to take advantage of the collective energy people generate when working together by building learning communities. Learning is viewed as an interaction between the student and critical aspects of the school and home environment and focuses on the whole ecosystem, not just the learner. The model is designed to lead students to define problems, explore various perspectives of the problems, and study together to master information, ideas, and skills. The teacher organizes the group process and disciplines it, helps the students find and organize information, and ensures a vigorous level of activity and discourse.

Course requirements and demonstrated competencies are aligned with the following standards:
- Illinois Professional Teaching Standards (IPTS)
  http://www.isbe.il.us/profprep/PDFs/ipts.pdf
- Association for Childhood Education International (ACEI)
  http://www.acei.org/Synopsis.htm
- National Association for the Education of Young Children (NAEYC)
  http://www.naeyc.org/accreditation/next_era.asp
- Illinois Core Language Arts Standards (ICLAS)
  http://www.isbe.net/profprep/CASCDvr/pdfs/24110_corelangarts_std.pdf
- Illinois Core Technology Standards (ICTS)

Course Outcomes:
- Using a variety of assessment and evaluation procedures, demonstrate alternative instructional methods to teach the designated curriculum in order to achieve similar learning outcomes.
- Using the designated curriculum and Illinois Learning Standards, design instruction to meet the needs of all students and foster a desire to learn.
- Provide for the uniqueness of individuals, recognizing the characteristics of culturally pluralistic and “at risk” populations, and foster appreciation for those differences.
- Model appropriate professional behavior.
- Design instruction to promote a healthy self-concept in students.
- Demonstrate alternative methods of achieving similar learning outcomes. Decide what will be learned and ways to achieve it.
