This is a brief history of the USA between the years of 1949 to 1989. This should give you a good idea of what's been going on, and you can ask a friend about the rest.

This is basically what's going on now apart from the fact that everybody's in their houses due to the arrival of Miss Lady Rona.

Who's Leading Us?

This is our President leading a cultural icon to success. Somehow he doesn't look any different today.

He's been on camera a lot in his life. In fact, here's some old footage of him when he was a lot younger. He and his friends are already teaching children about the dangers of gluttony like the true activist he is.

You've probably run away by now, so this is where I'm ending this.

If you want a recommendation, I'd try Canada. You get free health care other there.

Thanks for stopping by!
