2022-2023 STUDENTS' MARITAL STATUS & TAX FILING STATUS					
Failure to complete this form will delay the processing of your aid.					
The students' reported 2020 tax filing status is inconsistent with the students' reported FAFSA marital status. Although the reported tax filing status may accurately reflect the student tax filing status for the 2020 tax return, we are required to verify this information.					
According to the IRS, a tax payer must use a tax filing status of married filing jointly or married filing separately			eparately		

if they are married or considered married on December 31, 2020. If you were "unmarried" or "considered unmarried" on December 31, 2020, your tax filing status is single, or if you have a qualifying dependent you may file as head of household.

Additional documentation or corrections to the FAFSA may be required to resolve these discrepancies. Please verify the following information.

1.	As of the date the FAFSA was completed, what was the student's marital sta-	tus?		
	 □ Never Married □ Unmarried and Both Parents Living Together □ Married or Remarried (Date of Marriage:) □ Divorced or Separated (Date of Divorce or Separation:) □ Widowed 			
2.	For the 2020 tax year, what was the students' Tax Filing Status?			
	□ Single □ Head of Household □ Married - Filed Joint Return □ Married - Filed Separate Return □ Qualifying Widow/er □ Don't Know			
3.	If your marital status does not match your 2020 tax filing status, explain why:
