Subject: Public Records

Hi,

I would like to make a Public Records request for directory information. This includes all students both undergraduate and graduate students enrolled or scheduled to be enrolled for the Fall 2015 term at your University. The information I would like includes; Name, Year (Freshman, Sophomore, Junior etc), Major, address, E-mail, gender. Please confirm that incoming Freshman will be included. I would like this data in an electronic format.

Valerie
