Subject: FOI Req for legislative scholarship winners selected by St Rep. Jack Franks

Under the Freedom of Information Act, I request names and addresses of those who have been awarded legislative scholarships by State Rep. Jack Franks since he took office in 1999. While I know you will redact some information, because the law requires the students to live in his district, I would request at least the zip code of the students' address, the years for which the scholarships were awarded and the school which the student attended, e.g., liberal arts, etc.

thanks,

cal skinner
