**Subject:** USA TODAY Open Records request

Mr. Miller,

In December, one of our correspondents, Grant Schulte, requested the NCAA reports from Eastern Illinois for the years 2007 through 2009. The request was made under relevant state and federal open records laws. To date we have not received those reports. This is part of a request we are making to all Division I schools; nearly all have complied already.

Can you please let me know where this request stands? I have attached a copy of Eastern Illinois' 2006 report to distinguish the report we are requesting from other reports, such as the federal EADA report.

Thanks in advance.

Regards,

**Jodi Upton, Database Editor**
