Delta Dental of Illinois (DDIL) is pleased that we have been awarded the dental services contract for the State of Illinois Group Dental Plans, effective July 1, 2011. We are committed to ensuring you and your covered dependents receive quality dental benefits and superior customer service. Enclosed are your ID cards and information about resources to help you get the most of your dental program.

You now have the benefit of Delta Dental’s expansive dental networks. Dentists who participate in our networks undergo our credentialing processes and adhere to our processing policies. You can still go to any licensed general or specialty dentist, regardless of whether the dentist participates in one of our networks. In many cases, you can reduce your out-of-pocket expenses by using a Delta Dental PPO or Delta Dental Premier network dentist. (Please note: DeltaCare USA is a dental HMO product and does not apply to your plan.)

**How Does the Addition of Dental Networks Affect Your Dental Program?**

When a dentist participates in a network, he/she agrees to accept an allowed amount as payment and cannot charge you the difference between his/her submitted amount and the allowed amount. With your Schedule of Benefits, and as your plan has worked in the past, a non-network dentist can charge you for the difference between his/her submitted amount and the Schedule of Benefits amount. Using a Delta Dental PPO or Delta Dental Premier dentist can maximize savings for enrollees and the State itself.

**Delta Dental PPO** is our national preferred provider dental network. If you go to a Delta Dental PPO dentist, your out-of-pocket expenses often will be less because these dentists accept the lesser of their submitted amount or our reduced PPO amount as payment-in-full (less any deductible). If Delta Dental’s allowed PPO amount is lower than the Schedule of Benefits amount, Delta Dental PPO dentists cannot balance bill you for the difference.

**Delta Dental Premier** is our national dental network that works with Delta Dental PPO to provide network savings and protections for those not using a Delta Dental PPO network dentist. Delta Dental Premier dentists agree to accept the lesser of their submitted amount or Delta Dental’s maximum allowed amount as payment-in-full (less any deductible). If Delta Dental’s maximum allowed amount is lower than the Schedule of Benefits amount, Delta Dental Premier Dentists cannot balance bill you for the difference.

**Important Note:** In some cases, the Delta Dental allowed amounts for Delta Dental PPO and Delta Dental Premier Network dentists may be greater than the Schedule of Benefits amount, but less than the dentist’s submitted amount. In these instances, Delta Dental PPO and Premier dentists can only bill you the difference between the Schedule of Benefits amount and Delta Dental’s allowed amount.

If you go to a non-network dentist, you will still receive benefits, but you may have to pay more because these dentists have not agreed to DDIL’s allowed amounts and these dentists can balance bill you for the difference between their submitted amount and the Schedule of Benefits amount. You may have to pay the entire bill upfront at the time of service and/or file your own claim, depending on the payment arrangements you make with the dentist. Additionally, DDIL will send payment to you, not to the dentist, and you are responsible for paying the dentist.

If you use a Delta Dental PPO or Delta Dental Premier network dentist, in addition to your out-of-pocket savings, you can maximize your benefit dollars – the lower the claim reimbursement, the less dollars applied to your annual maximum.
Please see the following example that demonstrates how you can save with a Delta Dental network dentist. This is a hypothetical example only and assumes all deductibles have been met.

When the Delta Dental Premier maximum allowed amount is greater than the Schedule of Benefits amount, your out-of-pocket cost will still be less with a Delta Dental Premier dentist than with a non-network dentist.

How Will Claims Be Handled with Delta Dental of Illinois?
As is current practice with your plan, claim payments will continue to be released according to the claim process date and available funding.

If you use a Delta Dental PPO or Delta Dental Premier network dentist, you will not have to pay the dentist at the time of service (with the exception of applicable deductible, and amounts for services not covered). Network dentists automatically file claims for Delta Dental patients.

If you use a non-network dentist, you may have to pay the entire bill upfront at the time of service and/or file your own claim, depending on the payment arrangements you make with the dentist.
