

Statement for president, sports coordinator, and coordinator of activities of AIS

I am extremely interested in the position of President of the Association of International Students because I am passionate about creating a welcoming and inclusive environment for international students on campus. As someone who has personally experienced the challenges of adjusting to a new culture and way of life, I believe that it is important to have a strong support system in place for international students. In this role, I hope to bring my leadership skills and my ability to communicate effectively with people from diverse backgrounds to help create a community where international students feel valued and supported. I also bring experience in event planning and project management, which will be useful in organizing events and initiatives that bring international students together and promote cultural exchange.

I am excited about the opportunity to contribute to the Association of International Students as a Sports Coordinator and Coordinator of Activities. I believe that sports and extracurricular activities play a crucial role in creating a sense of community and fostering personal growth among students. In this role, I will bring my passion for sports and my experience in event planning to organize sporting events and activities that cater to the interests of international students. I am also eager to collaborate with other members of the association to organize cultural events and initiatives that promote cross-cultural understanding and celebrate diversity. As a detail-oriented and organized person, I am confident that I can help ensure that all events and activities run smoothly and are enjoyable for everyone involved.

Thank you.
