Namrata Saini
International Graduate Student
Master of Science in Kinesiology

Application: For the Post of Web Master

Hello Sir/Madam,
My name is Namrata Saini and I am an International Graduate Student from India. This is my Senior year and I have been a part of Indian Student Association since Fall 2020. I have been an Event Organizer for one year and since the things took a different turn due to pandemic, we could not do much events on campus. ISA managed to organize a Holi event off campus at a park in Charleston in April 2021. I have been a part of almost every ISA meeting on Zoom/Teams and have been participating in various discussions. For this year, as it is my final semester, I feel that I won't be able to accommodate the required amount of time as an Event Organizer so, I would like to nominate myself for the position of a Web Master.

Until Fall 2020, ISA only had a Facebook page and did not have an Instagram account. I proposed an idea of creating a social media account on Instagram to connect with students on a social media platform. Everyone agreed to this plan and the **eiu_isa** came into existence. We have had questions from incoming students on Instagram and we answered them all. Since Spring 2021, I have been handling this account and I try to keep our Indian Community updated about day-to-day news of EIU. We post information on available on-campus jobs, current events, daily news and, pictures from different corners of our beautiful campus.

I would like to nominate myself for the position of a **Web Master** because I feel that I can connect with more students on social media and I also like to help students with their questions and concerns. I feel that I fit for this role because I have been doing this since past one year and people have been engaging more with us on social media.

Thank you and regards,
Namrata Saini.
