

Dear Members of the Nominations Committee,

I am writing to express my strong interest in the Vice President position for the Indian Student Association at Eastern Illinois University. With a proven track record of leadership and a deep-rooted commitment to community service, I am eager to contribute my skills and passion to enhance the experiences of our fellow Indian students on campus.

#### Leadership Experience:

Throughout my academic journey, I have embraced leadership roles that have shaped my ability to guide and inspire others. In school, I had the privilege of serving as the captain of our sports team. This role honed my teamwork and communication skills, and instilled in me the importance of leading by example and maintaining a positive and motivating environment. As captain, I learned how to strategize, resolve conflicts, and keep the team focused on our collective goals.

During my undergraduate studies, I took on the role of class leader, representing my peers and serving as a liaison between students and faculty. This position required me to be organized, proactive, and empathetic to the needs of my classmates. It also provided me with valuable experience in coordinating events, managing time effectively, and ensuring that the voices of my peers were heard and respected.

#### Community Service:

Beyond my leadership roles, I have a deep-seated passion for community service. I have actively organized and volunteered for various public events in India, where I contributed to initiatives that positively impacted society. Whether it was organizing cultural programs, educational workshops, or charity events, I have always been driven by a desire to give back to the community. These experiences have taught me the value of service, the importance of cultural awareness, and the power of bringing people together for a common cause.

#### Vision for the Vice President Role:

As Vice President of the Indian Student Association, my vision is to create a dynamic and inclusive environment where all Indian students feel welcomed, supported, and engaged. I am committed to organizing a diverse range of events that cater to the varied interests of our community. From cultural celebrations and festivals that bring a piece of home to our

campus, to workshops and seminars that provide valuable insights and skills, I believe in the power of events to not only entertain but also educate and inspire.

Moreover, I aim to foster stronger connections between our association and the broader university community. By collaborating with other student organizations and engaging in cross-cultural initiatives, I believe we can enrich the experience of all students and promote a greater understanding and appreciation of Indian culture.

In conclusion, I am deeply passionate about serving the Indian Student Association and am excited about the opportunity to contribute to its growth and success. I am confident that my leadership experience, coupled with my dedication to community service, makes me a strong candidate for the Vice President position.

Thank you for considering my application. I look forward to the possibility of working together to make a meaningful impact on our community.

Sincerely,

Sivani Reddy Nandyala
