

Sarika Reddy Vontary

International Graduate student

Application for the Vice President

Greetings for the day!

I'm Sarika Reddy. Thank you for the wonderful opportunity to participate in the student election. I'm here to represent my peers and bring some needful changes you'd like to see at the university. Standing in a student role (Vice President) helps you and mine to boost our career significantly.

I would like to give back by helping students achieve what they want from the university, which is why I'm running for the role Vice President!

I'm motivated and very reliable, I'll be able to help our president improve his/her university experience. Hoping to make everyone's time more exciting, I'd like to work with new events.

Being an international student has given me a sociable nature and I'll push for more information and guidance specifically toward upcoming students. I thoroughly value this experience and would love to make volunteering and active in further roles in the university which are more available in future.

Your opinion and ideas are the main priority, and I assure every student that I'll work hard to give the needful.

Thanks & Regards,

Sarika Reddy
