

Hello everyone my name is syed saqlain ahmed. I am applying for below roles,

**1.**

I am running for **President or Vice president** role because I want to make the changes I've always wanted to see. I want everyone to feel welcomed and have their voices heard. My main goal is to make our senior year memorable for everyone and for every event to be as much fun as possible.

**2.**

I would be a great choice for **secretary** also because I am excellent at keeping things organized. Student Council is an organization that is centered on benefiting the student body, and I would want nothing more than to serve as your Secretary and help you have the best .

**Main motive:**

Together we will continue to fight for justice, transparency and equality for our student body.
