Celebrating Academic Excellence

Scholarship, creativity, innovation, and the many forms of collaborative engagement that shape faculty life and student learning are central to the mission of Eastern Illinois University. For that reason, our faculty, department chairs, college deans, the provost, and the entire campus community celebrate the achievements and outstanding contributions of our colleagues and students to their disciplines and professions every year.

And, as the following pages illustrate, faculty engaged in continuing scholarly and creative activities provide outstanding mentoring experiences for our undergraduate and graduate students.

In addition to recognizing faculty performances, shows, publications, grants and other professional efforts, the University will recognize the recipient of the Edwin L. “Bud” May award and the Dean’s Award of Excellence in Summer Research and Creative Activity, as well as 2018 summer award recipients.

More importantly, the entire leadership team appreciates and applauds each and every member of EIU’s community who has contributed to our shared mission and sustained commitment to academic excellence.

In honor of Bud May (director of Grants and Research, 1978-2003), the Graduate School, in collaboration with the Office of Research and Sponsored Programs (Grants and Research), established the Edwin L. “Bud” May Award for Outstanding Achievement in Research and Grants. The award is given each year to a member of the university community who has demonstrated extraordinary success in securing external support for research, public service or creative activity.

Dr. Robin L. Murray,
Professor of English and Women’s Studies

Robin L. Murray has directed the Eastern Illinois Writing Project (http://castle.eiu.edu/easternnwp/) since its inception in 2008. As director, she has been most pleased to see the amazing literacy across the curriculum lessons shared by the project's K-12 teachers, thanks to generous grants from the National Writing Project.

She also coordinates the film studies minor (http://castle.eiu.edu/filmmnor/).

2018 Dean’s Award of Excellence in Summer Research and Creative Activity

Dr. John Bickford, Early Childhood, Elementary, & Middle Level Education Department

John H. Bickford is an associate professor in the Teaching, Learning, and Foundations Department; graduate coordinator of MSED Curriculum and Instruction; and chair of the Institutional Review Board at EIU. He studies the sources and strategies that facilitate elementary and middle level students’ disciplinary literacy and critical thinking. Dr. Bickford evaluates classroom interventions, the historical representation and accuracy of curricula, and, in the case of this past summer’s research, of Illinois teachers’ perceptions and experiences.

He teaches courses in social studies education, content area literacy, and interdisciplinary learning. Dr. Bickford is especially proud of his research collaborations with local schools, his undergraduate students’ teaching partnerships with local schools, the success of his EIU undergraduate and graduate students’ research, and that his own research has been published in every elite journal in his field.
