Dear Mr. & Mrs. Donor:

I am honored to be the recipient of the _____ scholarship at Eastern Illinois University. Without donors like you, there would be many students, such as myself, who would be unable to pursue their education. I am glad that I have an opportunity to thank you for your generosity.

I am currently a junior from Danville, Illinois, majoring in music and my GPA is 3.4. My goals are to complete my degree so I can teach music education to middle school students.

While attending school, I have been involved in marching band on campus attending the many games and events, and have volunteered time at the local grade school with aiding 5th grade children with learning how to play an instrument for the first time.

Receiving this scholarship motivates me to continue working hard to complete my degree. Thank you very much for making it possible for me to continue my education.

Sincerely,

James Doe
