2026-2027 TRANSFER ADMISSION & ADVISEMENT GUIDELINES

ADMISSION REQUIREMENTS

1. There is no minimum number of hours required to transfer.
2. A transfer student with 24 semester hours or more must have a "C" average (2.0 out of a 4.0) cumulative from all college credit and at least a "C" average from the last institution attended.
3. A transfer student with less than 24 semester hours with a 2.0/4.0 must meet the college requirement of a "C" average from the last institution attended and they must also meet one of the following criteria:

ACT 18 or SAT 960 or old SAT 860* AND High School GPA of 2 .5

OR Test Optional , High School GPA of a 2.8

**SAT Exams taken prior to March 2016*

TRANSFER AGREEMENTS

1. A transfer student who is transferring to Eastern with any Baccalaureate-Oriented Associates degree from an Illinois public community college, Lincoln College, or Springfield College are guaranteed at least 60 semester hours in transfer credit, junior status, and all lower division general education requirements met.
2. Students may complete any general education requirements at EIU that were not completed as part of their associates degree.
3. Eastern is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement that allows transfer of the completed Illinois General Education Core Curriculum between participating institutions.
4. Transfer students who complete the 37 to 41 semester-hour package of the IAI from any participating college or university in Illinois will be guaranteed all lower division EIU general education requirements completed, the cultural diversity requirement will be met unless seeking a teaching certificate, and the Constitution course will not be required unless seeking a teaching certificate. (For more information visit itransfer.org)

ACCEPTANCE OF CREDIT

1. Eastern accepts all college credit from regionally accredited institutions with the exception of courses that are remedial, developmental, or orientation in nature.
2. Eastern accepts CLEP and/or CEEB Advanced Placement credit provided official test scores are sent and meet Eastern's standards as set by the appropriate department. All scores need to be sent from the testing agency to the EIU Records Office.
3. Transfer work completed through a program accredited by a regional or national professional accrediting body may be accepted. The request for transfer must be approved by the department chair.
4. There is no maximum number of hours that can be accepted; however, the following graduation requirements must be completed for traditional majors:
 - a. 120 semester hours with all general education and major requirements completed;
 - b. 40 semester hours of upper division (junior/senior level) courses;
 - c. 30 semester hours taken in Eastern (may include off -campus courses taught by EIU faculty).

OPTIONAL CATALOG

An undergraduate transfer student may choose to graduate under the requirements stated in the EIU catalog at the time they initially enrolled at another college provided that catalog does not precede their enrollment at EIU by more than three years.

EIU GENERAL EDUCATION

LANGUAGE (LANG): 9 SEMESTER HOURS

The requirement is three courses: two in reading and writing and one in listening and speaking. These courses are graded "A", "B", "C", "N/C" (no credit). These courses will only be accepted if they were completed with a "C" or higher.

MATHEMATICS (MAT): 3 SEMESTER HOURS

Please see the substitution list for appropriate general education math courses.

SCIENTIFIC AWARENESS: 7-8 SEMESTER HOURS

The requirement is at least one course in the biological sciences (BSCI) and one in the physical sciences (PSCI). At least one course must have a lab.

HUMANITIES & FINE ARTS: 9 SEMESTER HOURS

The student must successfully complete at least one course from humanities (HUM), one from fine arts (FA), and one course from either humanities or fine arts.

SOCIAL & BEHAVIORAL SCIENCE (SSCI): 9 SEMESTER HOURS

Two of the three courses must be from different disciplines. An American Government/Constitution course is required for students in Education.

SENIOR SEMINAR: 3 SEMESTER HOURS

To be completed after transfer to Eastern.

WORLD LANGUAGE (WLG): 0-8 SEMESTER HOURS

The requirement is the completion of the second course in the elementary sequence: 1102. Students are exempt if they have 2 years of high school with "C" average.

CULTURAL DIVERSITY (D, DIVERSE) OR (N OR N/W, NON-WESTERN): 3 SEMESTER HOURS

Students are required to complete a culturally diverse course within one of their general education groupings. These courses can fulfill both the culturally diverse requirement as well as a requirement for another general education area. A culturally diverse course is not needed if IAI or Baccalaureate-Oriented Associates Degree is completed prior to transfer unless the student is an education major.

WRITING COMPETENCY:

All students are required to participate in an Electronic Writing Portfolio made up of essays submitted in writing intensive courses.

- a. Two essays are required of all students regardless of number of hours transferred.
- b. Essay can be from any course taken at EIU.
- c. Transfer Students are encouraged to submit one essay their first semester at EIU.

ASSOCIATE DEGREE BENEFITS

Transfer students who receive a baccalaureate-oriented associates degree from any regionally accredited institution will be guaranteed the following:

- A minimum of 60 semester hours in transfer credit;
- Junior status;
- All lower division EIU general education requirements are automatically waived; and
- The cultural diversity requirement and the constitution requirements are automatically waived (unless pursuing teaching certificate).

Students who transfer to Eastern **without** baccalaureate-oriented associates degree or IAI GECC will have transfer credit evaluated on a course by course basis. Courses will be placed into the comparable general education and major requirements listed in the EIU catalog the student chooses. Students may also finish the IAI GECC at EIU.

Baccalaureate-oriented associate degrees do not automatically satisfy the Foreign Language Graduation Requirement. Students must:

- Complete two years (first and Second Year) of one world language in high school, with at least C average
- OR**
- Complete two semesters (first and second semester, 1101 and 1102) of one world language in college.

PLACEMENT ADVICE: Students who have already completed one full year in high school may be able to take a second-semester course (1102) without taking 1101 first. Students should consult with their advisor or the department chair in World Languages & Cultures at EIU.

SPECIAL REQUIREMENTS FOR MAJORS

Students may declare any major after initial admission to EIU. However, students may need to meet departmental criteria to advance in their area of study. The majors below have requirements that are in addition to EIU general admission.

- **ART:** A minimum cumulative GPA of 2.25 and a minimum major GPA of 2.75. For graduation, all Art majors require the completion of the foundation courses (ART 1000, 1001, 1110, 111^{1,2}50, 2601G, 2602G, 2749).
- **BUSINESS:** The following programs in the School of Business must have a minimum grade of "C" or better in prerequisite courses to take certain upper level Business courses: Accounting, Business Administration, Finance, Management, Business Analytics & Information Systems, and Marketing. Prerequisites include BUS 1950 Business Software Applications, BUS 2101 Financial Accounting, BUS 2102 Managerial Accounting, BUS 2750 Legal & Social Environments in Business, and BUS 2810 Business Statistics.
- **CLINICAL LABORATORY SCIENCES:** This cooperative degree program includes three years of college work followed by completion of a one-year program in clinical laboratory science at an affiliated hospital. The clinical hours taken at the affiliated hospital will be treated as courses taken at EIU counting in residency hours and will be included in EIU grade point average. EIU cannot guarantee admission to any of its affiliated hospitals, but to be assured of serious consideration for acceptance by one of the affiliated schools, the student should have achieved a minimum cumulative and major grade point average of 3.0 (on a 4.0 scale). EIU has an excellent record of placement of qualified students into the hospital programs.
- **COMMUNICATION DISORDERS & SCIENCES:** Requires students to meet criteria for degree admission that include a 2.5 cumulative GPA and a minimum major GPA of 2.75. Those GPAs must be maintained to register for subsequent upper-division CDS courses. In the CDS major, students earn their professional credentials at the graduate level.
- **COMMUNICATION STUDIES:** Minimum grade of "C" in core courses.
- **ENGINEERING:** Three years of study at EIU followed by two more years at UIUC or SIU-C.
- **ENGLISH:** Minimum grade of "C" in core courses.
- **EXERCISE SCIENCE:** Completion of BIO 2210, KSS 1500 and KSS 2440 (or equivalents) with a grade of C or better.
- **GRAPHIC DESIGN:** Limited to those students who have satisfied the specific course requirements (ART 1000, 1110, 111^{1,2}910), have a minimum cumulative GPA of 2.20 for all coursework, and a minimum GPA of 2.0 for all Art coursework, and submit an art and design portfolio.
- **HEALTH ADMINISTRATION:** Minimum major GPA required for graduation is 2.5. All core required courses need to be completed with a grade of "C" or better.
- **HEALTH COMMUNICATION:** 15 semester hours of credit to be completed with a minimum 2.0 GPA. Minimum major GPA required for graduation is 2.5.
- **INTERDISCIPLINARY STUDIES DEGREE PROGRAM:** Designed to meet the educational goals of mature adults in a format and structure compatible with adult responsibilities. Students must meet regular admission requirements to the University and are admitted to this program only through the Student Success Center.
- **HISTORY EDUCATION (W/SOCIAL SCIENCE TEACHING):** Requires a 3.0 major GPA and a 2.75 cumulative GPA.
- **JOURNALISM:** Minimum grade of "C" in core courses.

- **LANGUAGE ARTS TEACHER CERTIFICATION:** Minimum grade of "C" in core courses and a minimum 2.75 cumulative GPA.
- **MUSIC:** Must audition; minimum grade of "C" in core courses.
- **NON-BUSINESS MAJORS:** A student pursuing a major other than one resulting in the B.S. in Business cannot count more than 30 semester hours of business subjects toward fulfillment of bachelor's degree requirements.
- **ORGANIZATIONAL DEVELOPMENT:** Minimum of 30 hours earned from a regionally accredited institution and a cumulative GPA of 2.50 or higher.
- **TRADITIONAL NURSING PROGRAM:** Students enter EIU as freshmen under the Pre-nursing designation and apply during the spring semester for admission to the School of Nursing cohort which begins the following fall semester. Not intended for transfer students at this time.
- **PSYCHOLOGY:** Requires students to complete MAT 1271 (or a higher level math course) with a "C" or better or earn ACT mathematics sub -score of 26 or higher, in addition to earning at least a "C" in PSY 1879G or its equivalent; minimum grade of "C" in core courses. The Psychology Online major requires 42 semester hours of college level credit to be complete for admission to the program.
- **PUBLIC HEALTH:** Minimum major GPA required for graduation is 2.5. All core required courses need to be completed with a grade of "C" or better.
- **RN TO BS IN NURSING:** Requires admission to EIU, RN license, minimum GPA of 2.5, CPR certification, two professional letters of reference, two-step TB testing, Immunizations, professional statement and completed application to the program.
- **SPORTS MANAGEMENT:** Completion of KSS 1500 and KSS 2761 (or equivalent) with a grade of C or better.
- **TEACHER EDUCATION MAJORS & OPTIONS:** Minimum cumulative GPA of 2.65 and a "C" or better in all courses used towards graduation, regardless of where they are taken. This includes general education, professional education, major and courses, all University required courses and electives. Teacher licensure for English, History and Social Science Teaching requires a minimum cumulative GPA of a 2.75.
- **THEATRE:** Minimum grade of "C" in core courses

TRANSFER GUIDES

Our transfer guides provide helpful course recommendations that you can complete at the community college level to stay on track for earning your bachelor's degree at Eastern Illinois University.

For additional planning support, you can also use the EIU Undergraduate Catalog and the Course Substitution Lists (for both EIU and your community college), all available on our website.

Transfer guides are available for all majors to make navigating your options simple. Each guide includes suggested course patterns, but students should work with their advisor to create a curriculum plan that fits their schedule. Taking summer classes can also help lighten the course load during the Fall and Spring semesters.

If you have questions about the guides or the handbook, we're here to help! Please contact:

APPLIED ENGINEERING (B.A.A.S.)

The online Bachelor of Applied Arts and Sciences (B.A.A.S.) in Applied Engineering emphasizes the study of industrial, production, and mechanical technology principles. This degree prepares graduates for engineering, technology, and/or management careers focusing on applied engineering skills.

ADMISSION REQUIREMENTS

The online Bachelor of Applied Arts and Sciences (B.A.A.S.) in Applied Engineering is a completion program designed for professionals who:

- Have earned a minimum of 30 transferable semester credit with a cumulative grade point average of 2.0 or above.

GRADUATION REQUIREMENTS:

1. Complete a General Education Core Curriculum.
2. Complete the major degree requirements:
Foundation Core (19 hrs):
 - ODL 4700 Leadership in Organizations - Credits: 3
 - TEC 3414 (EGT 3414) Project Management - Credits: 4
 - EGT 4503 Engineering Technology Cost Analysis - Credits: 3
 - EGT 4803 Plant Layout and Material Handling - Credits: 3
 - EGT 4823 Facility Security Credits: 3
 - EGT 4943 Manufacturing Management - Credits: 3
 - **OR** EGT 4753 Lean Manufacturing - Credits: 3
3. Internship/Field Experience (12 hrs)
 - TEC 4275 Internship - Credits: 0 to 12
 - **AND/OR** TEC 4396 Credit for Prior Learning or related certificates - Credits: 0 to 12
4. Complete a minimum of 40 semester hours of upper-division courses
5. Complete a minimum of 120 semester hours total with a CGPA of 2.0
6. Complete Composition I (ENG 1001G), Composition II (ENG 1002G) and Intro. to Intro. to Speech Communication (CMN 1310G) or their equivalencies with a "C" or better.

7. These courses are required for the Communication Disorders and Sciences major. If these courses are not offered, it recommended to take minor courses (Psychology or Sociology minors are recommended)

NOTE: Due to limited CDS courses at the community colleges, it is recommended to transfer early in coursework. See Major Admission Requirements on the next page.

ADMISSION TO THE CDS MAJOR

Students entering EIU as Freshman or Transfer seeking a CDS degree will be classified as probational CDS majors. Probational majors may register for all lower division (2999 or lower) courses in the CDS major.

Access to all upper division CDS courses requires admission to the CDS Major. The Department Chair reviews the applications of all probational CDS majors seeking admission to the major. The chair determines if the student's academic achievement supports admission to the major and access to upper division course.

CRITERIA FOR ADMISSION:

- Admission to the University
- Classification as a probational CDS major
- Achievement of a cumulative GPA of 2.5 or higher for all EIU course work
- For Transfer Students, completion of at least 15 semester hours of course work at EIU
- Completion of at least three of the five lower division core CDS courses in the major and achievement of a minimum 2.75 GPA for all lower division core CDS courses completed at the time of application. (Application for admission to the CDS major are available in the CDS Department Office.)
- Lower division courses are:
 - CDS 2000 Intro. to CDS: 1 S.H.
 - CDS 2100 Phonetics & Phonological Development: 3 S.H.
 - CDS 2200 Language Acquisition: 3 S.H.
 - CDS 2500 Anatomy & Physiology: 3 S.H.
 - CDS 2800 Speech Science: 3 S.H.

A Master's Degree is the required level of training for Certification in the area of Speech-Language Pathology. At least a 3.0 GPA is the required undergraduate GPA for admission into the Graduate Program. A Clinical Doctorate Degree is the required level of training for Certification in the area of Audiology)

CYBERSECURITY (B.A.A.S.)

ONLINE DEGREE COMPLETION PROGRAM

The online Bachelor of Applied Arts and Sciences (B.A.A.S) in Cybersecurity emphasizes the study of security principles including infrastructure, forensics, evaluation of risks, and security influence on business operations. This degree prepares professionals for data and information security, hardware and software security, and systems and network security.

Students may earn up to 12 semester hours through Credit for Prior Learning (CPL) and/or internship. CPL may be used to gain credit for required and/or Elective courses in the major. For students who hold IT/cyber-related professional positions, internship hours can be completed by working on special projects for the student's employer.

ADMISSION REQUIREMENTS

The online Bachelor of Applied Arts and Sciences (B.A.A.S) in Cybersecurity is a completion program designed for IT/Cybersecurity professionals or those with related college coursework. Program admission is granted to applicants who:

- Have earned a minimum of 30 transferable (C or better) college credit hours of IT/Cybersecurity technical coursework, **OR**
- Have a minimum of three years of full-time work experience in IT/Cybersecurity, **OR**
- Possess at least one of the following certifications (other cybersecurity certifications will be reviewed individually to determine admission into the program):
 - CompTIA A+
 - CompTIA Network+
 - CompTIA CySA+
 - CompTIA Security+
 - Cisco Certified Network Associate (CCNA)
 - Cisco Certified Support Technician (CCST)
 - GIAC Information Security Fundamentals (GISF)
 - ISC2 Systems Security Certified Practitioner (SSCP)
 - ISC2 Information Systems Security Management Professional (ISSMP)
 - EC-Council Certified Ethical Hacker (CEH)

GRADUATION REQUIREMENTS

1. Complete a General Education Core Curriculum.
2. Complete the major degree requirements:
 - Foundation Core (18 hours)
 - CIT 3523 Data Communications Tech. I - Credits: 3
 - CIT 3773 Database Administration - Credits: 3
 - CIT 3853 Cybersecurity Intrusion Detection and Prevention - Credits: 3

1. Must have a "C" or better.
2. The math requirement may need additional prerequisites.
3. Required for admission into the Education Program.

NOTES:

This major requires that all students (including transfer students from community colleges or senior institutions) follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as explained at the University Admission to Teacher Education Meeting which all students must attend. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website.

Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor course, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

While all of Eastern Illinois University's teacher education programs are approved by the Illinois State Board of Education, only the State can issue a teaching license. All licensure programs are subject to change to follow requirements of the Illinois State Board of Education and the Department of Teaching, Learning & Foundations.

Completion of the second semester of a single World Language is a graduation requirement. Students are exempt if two full years of a single World Language is complete with a "C" average or better in high school.

1. Must have a "C" or better.
2. The math requirement may need additional prerequisites. If prerequisites are needed it will delay graduation.
3. See the EIU General Education outlined in the online catalog at www.eiu.edu, visit itransfer.org, or refer to Course Substitution Lists for course possibilities. Electives should be chosen in consultation with advisor.
4. One course from either humanities/fine arts or social and behavioral science must be culturally diverse if transferring without a baccalaureate-oriented associate's degree.
5. One of the General Education Science courses must have a lab (PHY 1351/1352 satisfies this requirement).
6. Logic Design/lab is equivalent to IAI course Digital Systems with Lab (EGR 932L).
7. This schedule will require additional Gen Ed courses taken during the summer to complete the Associate's Degree and EIU requirements.
8. Electronics is not an IAI course. It is a rigorous course at EIU where both analog and digital lab experiences are encountered for various electronic elements. In addition, the mathematical theoretical analysis of electronic circuits and elements is well developed. Transfer credit will be determined on a case by case basis.

NOTE: Completion of the second semester of a single World Language is a graduation requirement. Students are exempt if two full years of a single World Language is complete with a "C" average or better in high school.

4. Additional courses to choose from include MAT 2250G, HIS 3810, ART 3440 and MUS 3420.

EMERGENCY MANAGEMENT (B.A.A.S.)

ONLINE DEGREE COMPLETION PROGRAM

The Bachelors in Applied Arts and Sciences (B.A.A.S.) in Emergency Management is designed to be flexible, allowing health and human service professionals to complete their bachelors and meet their advancement goals.

First responder/emergency management professionals are moving to higher level educational requirements, and front-line practitioners are unable to advance into administration or less physically demanding jobs without an advanced degree. This completion program can utilize prior learner towards college credit and help professionals meet their goals in an online, flexible environment.

GRADUATION REQUIREMENTS

1. Complete a General Education Core Curriculum.
2. Complete the major degree requirements:
 - Core Required Courses: (36 hours)
 - PUBH 2270 Community & Public Health - S.H.: 3
 - PUBH 3700 Health Behaviors: Theory & Practice - S.H.: 3
 - PUBH 4250 Planning Health Programs - S.H.: 3 (capstone course)
 - PUBH 4275A Internship - S.H.: 12
 - PUBH 4275B Internship - S.H.: 12
 - PLS 4893 Budgeting in Government & Nonprofit Organization - S.H.: 3
3. Elective courses: select 9 hours from the following (9 credits)
 - CMN 3470 Small Group Communication - S.H.: 3
 - GEO 3020 Natural Disasters - S.H.: 3
 - GEO 3200 Human Impacts on the Environment - S.H.: 3
 - NUR 2613 Medical Terminology - S.H.: 3
 - PUBH 2900 Human Diseases - S.H.: 3
 - PUBH 2700 Foundations in Health Literacy - S.H.: 3
 - PLS 4873 - Human Resource Management in Public & Nonprofit Organizations - S.H.: 3
 - PUBH 4770 Health Services Administration - S.H.: 3
 - SOC 4240 Sociology of Disasters - S.H.: 3
 - PLS 4763 Environmental Politics & Policy - S.H.: 3
4. Credit by Prior Learning (CPL): Students may earn up to 12 hours through Credit by Prior Learning (CPL). CPL may be used to gain credit for required and/or Elective courses in the major.
5. Complete a minimum of 40 semester hours of upper-division courses
6. Complete a minimum of 120 semester hours total with a CGPA of 2.0
7. Complete Composition I (ENG 1001G), Composition II (ENG 1002G) and Intro. to Speech Communication (CMN 1310G) or their equivalencies with a "C" or better.
8. Complete the Electronic Writing Portfolio (See University Catalog for Details).

NOTES:

Additional Physics preparation could include PHY 3150, Electronics if possible.

This 3 -2 program is a cooperative degree program where the student will get approximately 90 semester hours credit from EIU and then transfer to another institution to complete their Engineering BS degree. Upon completion of their engineering degree they can receive an Engineering BS from EIU.

Students completing cooperative degree programs, i.e., Engineering will not be required to take a senior seminar or to submit the fourth sample to the Electronic Writing Portfolio because the terminal year is taken off-campus in cooperative programs.

A student who transfers into this curriculum from another college or university must be in residence at EIU for two semesters or 36 semester hours before they become eligible for the EIU Engineering degree.

INTERDISCIPLINARY STUDIES (B.A.)

The Bachelor of Arts in Interdisciplinary Studies Degree Completion Program (IDS) is specifically designed to meet the educational goals of students in a format and structure that is compatible with adult responsibilities. It is recommended that applicants have a minimum of 30 semester hours of transfer credit. We will accept up to 100 hours of transfer credit, including as many as 80 from a community college.

The IDS program provides learners with the opportunity to have their life experiences evaluated for college-level learning. Assessment of prior learning is valuable to the adult learner as it validates knowledge gained outside the traditional classroom. It can save students time and money by decreasing the number of required courses needed for degree completion. Prior learning may be awarded for military experience, proficiency exams, certificates, training, or through a prior learning portfolio. Your academic advisor will work with you to determine your options.

GRADUATION REQUIREMENTS

To graduate with a Bachelor of Arts in Interdisciplinary Studies degree, a student must complete 120 semester hours of credit which include:

1. 40 semester hours at the junior/senior level.
2. 20 semester hours earned from Eastern Illinois University (via on-campus, off-campus or distance learning courses).
3. 12 semester hours of credit in Scientific Awareness/Mathematics
4. 12 semester hours of credit in Social/Behavioral Science
5. 12 semester hours of credit in Humanities/Fine Arts
6. 6 semester hours of Communication/Language
7. 3 semester hours of Senior Seminar
8. 1 course in Cultural Diversity
9. IDS 2985 Adults in Transition (Required of students who have not completed college-level courses in the past 5 years; elective for all others.)
10. IDS 3002 Critical Thinking and the Adult Learner
11. IDS 4001 - Self-Directed Leadership
12. Meet Writing Competency Requirement (Electronic Writing Portfolio)
13. Maintain a minimum 2.0 cumulative grade point average (4.0 scale)

NOTES:

- A student must meet the University's transfer admission requirements.
- All students transferring into the IDS program from another EIU academic program must meet the IDS degree requirements for the catalog year they are admitted into the program.
- Grades of "C" or better are required for IDS courses, ENG 1001G, ENG 1002G and CMN 1310G if utilized towards fulfilling the IDS degree requirements.
- After admission to the program, students may use no more than five one-credit-hour courses towards their degree.

JOURNALISM (B.A.)

Students have the option to choose a concentrations: Journalism, Broadcast Journalism, or Sports Media. See Advisor for more details.

This major requires that all students (including transfer students from community colleges or senior institutions) follow and meet the requirements for Admission, Retention and Graduation from Teacher Licensure programs as explained at the University Admission to Teacher Education Meeting which all students must attend. Additional information on Admission, Retention and Graduation for Teacher Licensure programs can be found on the College of Education website. Students must receive a "C" or better in all courses used toward graduation, regardless of where they are taken. This includes general education, professional education, major and minor course, all university required courses, and electives. Students must maintain a minimum cumulative and major GPA of 2.65 in order to continue in the program.

While all of Eastern Illinois University's teacher education programs are approved by the Illinois State Board of Education, only the State can issue a teaching license. All licensure programs are subject to change to follow requirements of the Illinois State Board of Education and the Department of Teaching, Learning and Foundations.

NURSING (R.N. TO B.S.N.)

NURSING PROGRAM ADMISSION REQUIREMENTS

- Admission to EIU
- Complete application to the RN to BS in Nursing Program
- Cumulative GPA of 2.0 or higher on a 4.0 scale
- RN license from state of residence or completion of an Associate Degree in Nursing and license eligible.

APPLICATION DEADLINES

Admit to program 5 times per year. Students must be admitted at least one week prior to the beginning of classes. If you are unable to attend in your original term of admission, please notify Admissions Office at admissions@eiu.edu.

PROGRESSION REQUIREMENTS

1. Students enrolled in the RN to BS in Nursing Program must earn a "C" or better in all major requirement courses to progress in the program.
2. Students must maintain a cumulative grade point average of at least 2.0 throughout their enrollment in the RN to BS in Nursing Program.
3. A nursing course in which a student failed to earn a grade of "C" or better may be repeated by the student only one time. Failure to receive a grade of "C" or better for a second time in any nursing course will result in dismissal from the program.
4. Students who have been dismissed from the program may submit an appeal. If reinstated, students must develop a plan with the advisor for future course schedule.
5. Students admitted without an active nursing license must successfully pass the national licensure exam and submit proof of license for permission to register in 4000 level courses.

GRADUATION REQUIREMENTS

1. Successfully complete all general education requirements.
2. Successful completion of all nursing courses with 2.0 in each course.
3. Complete minimum of 34 hrs in upper division courses (3000-4000 level courses)
4. There are 32 hrs of upper division in nursing curriculum.
5. Earn a minimum of 25 hrs in residence.
6. Successfully complete 120 hrs with CGPA of 2.0 in all courses attempted.
7. Successful completion of electronic writing portfolio.
8. RN to BSN in Nursing students are exempt from the EIU Foreign Language Requirement.

ORGANIZATIONAL DEVELOPMENT (B.S.)

This transfer-friendly program prepares students for positions as supervisors, project leaders, change agents, and trainers in a variety of organizational settings. Academic credit for college-level learning from prior occupational experiences is available through preparation and assessment of a portfolio. Of the 120 semester hours required to complete the degree, at least 25 semester hours of courses from EIU must be included.

ADMISSION CRITERIA

To apply for admission to the Organizational Development program (ODL), a student must:

1. Have earned a minimum of 30 credit hours from a regionally accredited institution;
2. Have earned a cumulative GPA of at least 2.50 or higher.

GENERAL EDUCATION REQUIREMENTS (40 SEMESTER HOURS)

- 9 semester hours of Humanities and Fine Arts
- 9 semester hours of Language
- 3 semester hours of Mathematics

This 3-2 program is a cooperative degree program where the student will get approximately 90 semester hours credit from EIU and then transfer to another institution to complete their Engineering BS degree. Upon completion of their engineering degree they can receive a Physics major BS from EIU.

Students completing cooperative degree programs, i.e., Engineering will not be required to take a senior seminar or to submit the fourth sample to the Electronic Writing Portfolio because the terminal year is taken off-campus in cooperative programs.

A student who transfers into this curriculum from another college or university must be in residence at EIU for two semesters or 36 semester hours before they become eligible for the EIU Physics degree.

PRE-CHIROPRACTIC

EIU offers coursework in preparation for application to Chiropractic school. Upon completion of these undergraduate prerequisites, students may apply to the chiropractic school of their choice. The admissions requirements of the colleges vary, so it is important to determine the specific requirements of the school of your choice. In general, students should plan to complete a bachelor's degree. Like other post baccalaureate health programs, admission is competitive. A strong GPA (minimum 3.00/4.00 scale in both the sciences and cumulative), along with experience are necessary requirements to gain admission.

Eastern Illinois University has entered into affiliation agreements with Logan College of Chiropractic (LCC) and Palmer College of Chiropractic. This admissions program will allow qualified students to attend Logan or Palmer after 3 years (94 credits) at Eastern and finish a doctor of Chiropractic degree after three more years at the chiropractic programs. Under these agreements, Logan or Palmer College of Chiropractic shall accept students who successfully complete the Pre-Chiropractic Program with a cumulative GPA of 3.25 or higher and meet all other criteria for admission. Upon completion of the first year of studies at Logan or Palmer, a maximum of 34 credits from either program may be transferred back to EIU toward completion of credits required for the Bachelor of Science in Biological Sciences degree at Eastern.

Students may major in any field, but MUST meet the following minimum course requirements:

- **LANGUAGE (9 S.H.):** ENG 1001G, ENG 1002G, CMN 1310G
- **BIOLOGICAL SCIENCES (29-33 S.H.):** BIO 1150, 1500, 1550, 3120, 352 or 221/2220, 2220, 3180, 3200

PRE-DENTISTRY PROGRAM

Dentistry is a four -year graduate program. Admission into a dental program is very competitive. Students should maintain a grade point average near 3.50/4.00, acquire leadership skills and exposure to the world of dentistry, and score an 18 or higher on the Dental Admission Test (DAT). Three letters of recommendation are required, typically 2 from the sciences and 1 letter of the student are choosing. Typically the DAT is taken during the Spring Semester of the junior year, and application through a centralized application service Associated American Dental Schools Application Services (AADSAS) is submitted in June between the junior and senior years.

Dental admissions are quite competitive and the vast majority of successful applicants have obtained their baccalaureate degree. Below are the minimum requirements to be considered for dental school admission. Dental schools are seeking individuals who are well rounded in their educational background. In selecting a major, identify one that will prepare you best for dental practice or a backup plan. English, biology, chemistry, psychology or psychology with a business minor are a few majors to consider. Because of the manipulative nature of the profession, courses in art and sculpting are also useful.

Students may major in any field, but **MUST** meet the following minimum course requirements:

- **ENGLISH (6 S.H.):** ENG 1001G, 1002G
- **CHEMISTRY (16 S.H.):** CHM 1310G, 1315G, 1410G, 1415G, 2440, 2445, 2840, 2845
- **PHYSICS (8 S.H.):** PHY 1151G, 1152G, 1161G, 1162G
- **BIOLOGICAL SCIENCES (8 S.H.):** BIO 1500, 3120
- **PSYCHOLOGY (4 S.H.):** PSY 1879G

1. Must have a "C" or better.
2. The math requirement may need additional prerequisites.
3. See the EIU General Education outlined in the online catalog at catalog.eiu.edu, visit itransfer.org, or refer to Course Substitution Lists for course possibilities.
4. One course from either humanities/fine arts or social and behavioral science must be culturally diverse if transferring without a baccalaureate-oriented associate's degree.

NOTES:

Completion of the second semester of a single World Language is a graduation requirement. Students are exempt if two full years of a single World Language is complete with a "C" average or better in high school.

Additional Physics preparation could include PHY 3150, Electronics if possible.

EIU offers lower cost and a different atmosphere than the 4 year Engineering programs. The smaller class size, faculty teaching lecture and labs, research opportunities, and integrative learning environment set EIU apart from larger schools. The collegial atmosphere leads to a more inviting and collaborative learning environment. Students who might get lost in large lecture halls can quickly become a part of the community at EIU. With a high success rate after transfer to other institutions, our students find that this preparation is completely equivalent to spending all four years at a 4 year Engineering program.

This 2 -2 program is a cooperative degree program where the student will get approximately the first two years of credit from EIU and then transfer to another institution to complete their Engineering BS degree. This is a program that will prepare students well for their final two years of Engineering at another institution but will not result in an EIU degree.

There are two pre-engineering options: general (appropriate for all except chemical engineering) and chemical. Students interested in the chemical engineering option should consult with the chairperson of the Pre-Engineering Studies Committee.

PRE-LAW PROGRAM & MINOR

To provide students with guidance in the selection of those courses which will enable them to complete a J.D. at an American Bar Association accredited law school, EIU offers a minor in Pre -Law Studies. This minor will provide students with the following: basic analytical skills, an Intro. to the language of the law, and the written communication skills necessary for the study of law. This minor is administered by the Pre-Law Advisor and the Pre-Legal Studies Committee. EIU has a 3+3 BA to JD with Northern Illinois University for some majors. Interested students should contact the Pre-Law Advisor.

All students interested in a career in law should consult with the Pre-Law Advisor, Karen Swenson, kbswenson@eiu.edu, for information regarding law school admission requirements.

Students at Eastern are provided with a variety of on-campus services by the Pre-Law Advisor including information about all ABA -approved law schools, guest presentations by law school admissions officers and by persons who practice law, several scholarships for students with pre -law minors, field trips to area law schools, Pre-Law Internships, a Pre-Law Club, and advice from the Pre-Law Advisor concerning law school admissions strategies.

PRE-MEDICINE

Admission into medical school is very competitive. Students should maintain a grade point average near or above 3.50/4.00, acquire leadership skills, exposure to healthcare, and score at least a 27 or higher on the Medical College Admission Test (MCAT). Preparation materials from the Association of American Medical Colleges (AAMC) can be found at www.aamc.org. Typically the MCAT is taken during the Spring Semester of the junior year, and an application through a centralized application service American Medical College Application Service (AMCAS) is submitted in June between the junior and senior years. Apply Early! At least three letters of recommendation are required, typically 2 from the sciences and one letter of the student's choosing.

Below are the requirements to be considered for medical school admission. As long as the requirements are met, identifying an undergraduate major is based completely on the student's interests and goals. Medical schools do not favor any particular major. Most importantly medical schools are seeking individuals who are well rounded in their educational background. Development of a strong vocabulary and communication skills are as important as any particular class.

Additional information from the national associations of allopathic and osteopathic medicine can be found at aamc.org or aacom.org.

Students may major in any field, but MUST meet the following minimum course requirements:

- **ENGLISH (6 S.H.):** ENG 1001G, 1002G
- **CHEMISTRY (19 S.H.):** CHM 1310G, 1315G, 1410, 1415, 2440, 2445, 2840, 2845, 3450

PRE-OCCUPATIONAL THERAPY

Occupational therapists help people prepare to re-enter the workplace or merely regain control over their lives. They help patients develop behaviors and modify the workplace or living environment to accommodate disabilities and prevent further injury. As such, they are part psychologist, part sociologist, and part allied health specialist.

Occupational Therapy programs are phasing in Master's level degrees rather than the traditional baccalaureate degree. Students enrolled at Eastern who decide to pursue a career in Occupational Therapy should complete a baccalaureate degree in an appropriate major, such as Exercise Science, Psychology or Biology, and apply to a graduate program. A 3.50 gpa and a solid performance on the Graduate Record Exam (GRE), taken the summer before senior year, are required. Most programs also require 45+ experience hours with a licensed occupational therapist and three letters of recommendation (1 academic, 1 professional, and 1 of your choice). Each OT program has different requirements, it is very important to identify early which programs you plan to apply and plot out their requirements accordingly.

Students may major in any field, but usually must meet the following minimum course requirements:

- **LANGUAGE (9 S.H.):** ENG 1001G, ENG 1002G, CMN 1310 G
- **BIOLOGICAL SCIENCES (12 S.H.):** BIO 1500, 2210, 2220

PRE-OPTOMETRY

To prepare for a career in optometry, a student must complete 4 years of education to obtain a Doctor of Optometry (O.D.) degree at a professional college of optometry. Admission is very competitive and each optometry program has slightly different criteria. It is important to review the prerequisites for each school and identify which program you wish to apply and plan accordingly.

On average students should maintain a grade point average near 3.40/4.00 or higher, demonstrate leadership skills, expose yourself to the world of optometry, and perform well on the Optometry Admission Test (OAT).

Students may major in any field, but usually must meet the following minimum course requirements:

PRE-PATHOLOGIST ASSISTANT

Pathologists' assistants (PathAs) provide anatomic pathology services under the direction and supervision of a pathologist. These allied health professionals utilize a variety of manual and automated techniques to process, dissect, stain, etc. tissue samples from patients. Individuals assess the condition of patients for sample procurement, examination, diagnosis, and treatment. Job duties may include coordination of autopsy protocols perform postmortem examinations. They must pass a national certifying examination (American Society for Clinical Pathology, or ASCP) which is open only to graduates of accredited PathA programs.

The preferred PathA degree is at the Masters-level degree based on a curriculum involving both classroom instruction and clinical rotations, usually requiring 1 to 2 years for degree completion. Therefore, most students entering a PathA program have already completed a baccalaureate degree, usually in the sciences.

The average entrant has competitive scores on the GRE, and has a minimum grade point average of 3.00/4.00. Attributes such as demonstrated caring attitude toward others, communication skills, emotional stability under stress and problem solving ability are important selection factors.

There are currently 8 NAACLS accredited PathA programs in America. It is very important when you begin your program to identify which programs you plan to apply and plot out their requirements accordingly.

Students may major in any field, but **MUST** meet the following minimum course requirements:

- **ENGLISH (6 S.H.):** ENG 1001G, 1002G
- **CHEMISTRY (19 S.H.):** CHM 1310G, 1315G, 1410, 1415, 2440, 2445, 2840, 2845, 3450

- **RECOMMENDED ELECTIVES (24 S.H.):** BIO 2210, 2220, 3200, 3300, 3624

Calculus is required by some medical schools and the Biology major.

PRE-PHARMACY

Pharmacy schools admit few, if any, students without a bachelor's degree. Most students desiring the pharmacy degree complete a Bachelor's degree before entering pharmacy school. Programs leading to the BA or the BS degree with a variety of majors are suit able although most students select a major in biological sciences or chemistry. When registering, such students should indicate their choice of degree and major, and declare Pre -Pharmacy as a second major.

Students apply through a central application service one full year before matriculating to a medical school, and should be prepared to take the Pharmacy College Admissions Test (PCAT) during the spring semester of the year in which they are applying; the following minimum requirements should be met by that time.

Students may major in any field, but **MUST** meet the following minimum course requirements:

- **LANGUAGE (9 S.H.):** ENG 1001G, ENG 1002G, CMN 1310 G
- **CHEMISTRY (17 S.H.):** CHM 1310G, 1315G, 1410, 1415, 2440, 2445, 2840, 2845, 3450*

PRE-PHYSICIAN ASSISTANT

Physician assistants (PAs) practice medicine under the supervision of licensed physicians, and they are qualified to perform approximately 80% of duties commonly done by primary care physicians. PAs, however, practice in almost all health care settings and in many medical and surgical specialties. They must pass a national certifying examination which is open only to graduates of accredited PA programs.

The preferred PA degree is at the Masters-level degree based on a curriculum involving both classroom instruction and clinical rotations. Therefore, most students entering a PA program have already completed a baccalaureate degree, usually in the sciences. The average entrant has had approximately four years of health care experience (experience is required by many programs see below), competitive scores on the GRE, and has a grade point average of 3.40/4.00.

Attributes such as demonstrated caring attitude toward others, communication skills, emotional stability under stress and problem solving ability are important selection factors.

Each PA program has different requirements. It is very important to identify early which programs you plan to apply and plot out their requirements accordingly.

Students may major in any field, but MUST meet the following minimum course requirements:

- **LANGUAGE (9 S.H.):** ENG 1001G, ENG 1002G, CMN 1310G

PRE-PHYSICAL THERAPY

Physical Therapists work with patients to regain mobility and strength after accidents or injury. Training to become a physical therapist requires a doctorate consisting of 2 -3 years of training beyond the baccalaureate degree. A Bachelor of Science in Biological Sciences includes most of the physical therapy (PT) prerequisites; however, Exercise Science is a strong complimentary curriculum. Any academic baccalaureate degree will be acceptable that includes these prerequisites. The Graduate Record Exam (GRE) is required for entry into most PT programs. To be accepted into a PT program, a GPA of at least 3.4 on a 4.0 scale and high GRE scores are needed. Most programs also require 45+ job shadowing/experiential hours in the health care field (preferably PT). Each PA program has different requirements. It is very important to identify early which programs you plan to apply and plot out their requirements accordingly.

Students may major in any field, but usually must meet the following minimum course requirements:

- Language **(9 S.H.):** ENG 1001G, ENG 1002G, CMN 1310G
- Chemistry **(8 S.H.):** CHM 1310G, 1315G, 1410, 1415

PRE-PODIATRY

Podiatrists: the medical experts for your complete foot care /surgical needs. To be a candidate for a podiatry program a student must complete at least 90 hours of education at the undergraduate level. The student then applies to a Doctor of Podiatric Medicine (DPM) degree at a professional college of podiatry. Admission is very competitive and each podiatry program has slightly different criteria. It is important to review the prerequisites for each school and identify which program you wish to apply and plan accordingly. On average students should maintain a grade point average near 3.40/4.00 or higher, demonstrate leadership skills, expose yourself to the world of podiatry, and perform well on the Medical Admission Test (MCAT).

Students may major in any field, but **MUST** meet the following minimum course requirements:

- **ENGLISH (6 S.H.):** ENG 1001G, 1002G
- **CHEMISTRY (19 S.H.):** CHM 1310G, 1315G, 1410, 1415, 2440, 2445, 2840, 2845, 3450
- **BIOLOGICAL SCIENCES (8 S.H.):** BIO 1500, 1550G, 3120
- **PHYSICS (8 S.H.):** PHY 1151G, 1152G, 1161, 1162
- **SOCIAL/BEHAVIORAL SCIENCES (3 S.H.):** PSY 1879G
- **SOCIOLOGY (3 S.H.):** SOC 1838G
- **MATH (6-9 S.H.):** (MAT 2110G or MAT 1441G) AND (MAT 2250G or BIO 4750)
- **RECOMMENDED ELECTIVES (24 S.H.):** BIO 2 210, 2220, 3200, 3300, 3624

Calculus is required by some medical schools and the Biology major

PRE-VETERINARY MEDICINE

Admission into veterinary school is very competitive. Although many of the veterinary medical college do not require a bachelor's degree for entrance, most students admitted will have completed a bachelor's degree. Students should maintain a grade point average near or above 3.50/4.00, acquire leadership skills, extensive/diverse experience in veterinary medicine, and obtain 63% on the Graduate Record Exam (GRE) to be competitive. Students apply through a centralized application service Veterinary Medical College Application Service (VMCAS) in June between the junior and senior years. Apply Early! At least three letters of recommendation are required, typically 1 from a college instructor and 1 from a veterinarian. The last letter can be from the student's choosing. Each of the 28 veterinary programs have different requirements, it is very important to identify early which programs you plan to apply and plot out their requirements accordingly.

Students may major in any field, but usually must meet the following minimum course requirements:

- **ENG (6 S.H.):** 1001G, 1002G
- **CHEMISTRY (19 S.H.):** 1310G, 1315G, 1410, 1415, 2440, 2445, 2840, 2845, 3450
