Financial Aid

Automatic Scholarship Consideration

Applications for admission double as merit scholarship applications! Your students don't have to complete a separate scholarship application to be considered for gift aid ranging from \$1,500 to \$3,000.

All students admitted to UIS are automatically considered for our renewable Transfer Merit Awards. In addition, we encourage students to apply for over 300 UIS Institutional Awards totaling more than \$630,000.

GPA	Award Amounts
3.00–3.24	\$1,500
3.25–3.49	\$2,000
3.50–3.74	\$2,500
3.75–4.00	\$3,000

Amounts are based on full-time enrollment at UIS and are annual and split between the fall and spring semesters.

Scholarships will be awarded to students who meet the criteria based on their admission date until funds have been exhausted. Students admitted conditionally pending receipt of final transcripts due to in-progress courses at their community college will be considered for the scholarship, provided their final transcript arrives by the deadline, and they still meet the eligibility criteria. The deadline for having final transcripts in

for full admission is the start of classes. Financial aid notifications will be disbursed through the Office of Financial Assistance and credited toward educational costs on the student's account—half in the fall semester and the other half in the spring semester. This scholarship is renewable with an institutional cumulative GPA of 3.0 or better.
