Mr. L. C. Lord,

Charleston, Illinois.

Dear Mr. Lord,

I am sending you my programme, which you said you could perhaps arrange differently. The sixth and the eighth history can not be put together, for the sixth begins with the explorations of the Norsemen, and the eighth with Washington's administration. My little

five-year-old has come
back to school, so he makes
two more classes. Thanking
you very much for any
trouble you may take with
this programme, I am

Very sincerely,

Selma Eversole
