Dear Sir:

I beg to say that the first paragraph in article on first page of to-day's issue of the Globe-Democrat under "Town Torn Up Over Dancing Question" is absolutely and unqualifiedly false. The reference in the fifth paragraph to Mr. Lunt, a teacher in this school, is equally false. There are other details in the article that are untrue and the whole tenor of it is entirely misleading.

What redress one has in such a case I do not know, but your correspondent should certainly receive your attention.

Yours very truly,
